The President announced the following committee on Mr. Houston's resolution concerning an embargo: Messrs. Houston, of Duplin, Leake, of Richmond, Gilmer, Thomas, of Carteret, and Warren. Mr. Myers introduced a resolution pledging the State to make good mail contracts in this State subsequent to the 20th May, 1861.

Mr. Osborne suggested that this resolution ought to be referred to a committee, as it was probable it might involve the assumption of an amount of which the Convention could ave no definite conception. Mr. Brown informed the Convention that the Legislature, at the recent session, passed an act authorizing the Governor to do what is contemplated in the resolution. Mr. Leake, of Richmond, favored the resolution. He al-

luded to the inconvenience that is suffered by localities off the great thoroughfares, in obtaining mail matter. > Mr. Leak, of Richmond, again urged the propriety of the resolution, and said it was as much the duty of the State to furnish mail facilities to the people as to furnish powder and oall to the army. That although the Confederate States might agree to pay, yet it would not, at present, give the same assurance to contractors, as for the State to do it. Mr. Armfield offered an amendment to the effect that this guarantee shall continue until such time as the Confederate states' Government shall take charge of this department. Mr. Smith, of Halifax, asked if the Confederate States' government would pay contractors for the time between he 20th of May and the 1st of June; if not, he thought the State ought to do it.

Mr. Johnson thought the resolution ought to be so modified as to cover the hiatus between the time the old government ceased to pay, and the 1st of June. Mr. Craige said this proposition makes the matter worse, so far as assuming an unknown sum is concerned Mr. Myers moved to lay the matter on the table until Mon-
